Carolyn Whelan

Grade 12 Students,

In this booklet we have tried to give you contacts, mailing addresses, availability of applications and deadlines of many popular and known awards. Keep in mind this is not a complete list. You should be aware that there are many other awards available through universities, colleges and places of business. Students have access to the internet and the responsibility lies with you, the student, to investigate and apply for bursaries and scholarships. Some web pages which you may find helpful are:

Scholarship Sites

http://www.studentawards.com/
- searches awards nationally, provincially and by university and college
http://www.canlearn.ca/
www.studentscholarships.org
www.stc.qc.ca/counselling_files/Scholarships (There is an "_" between counselling and files

Job Orientated Sites

http://jobfutures.org
http://www.careerknowhow.pe.ca

We announce upcoming awards and programs mainly by posting them on the bulletin board in Student Services and daily announcements which are posted on the web. When possible, we use the Colonel Gray News in the Guardian on Mondays. It is very important to listen and read the daily announcements.

Resumes: We ask that all grade 12 students pass in an educational resume before Christmas. This is very useful when letters of reference are needed and also some universities are now asking students to include a resume with their application. We have outlines in our office to assist you.

A transcript is often required to accompany your applications and these must be requested and paid for ($1 ea) at 2-3 days in advance of when you need it. IB students need to inform the IB coodinator when they require a transcript as a letter is needed to accompany this form.

Letters of recommendation may also be required and you should give the person you are approaching for a reference at least one weeks notice or more in order for them to prepare a letter for you.

We encourage all of you to read through this booklet and write down the names of

the bursaries for which you qualify, making a special note of when & where the applications are available and the deadlines. The biggest mistake that a student can make concerning an application is to wait until the last minute and miss the deadline. Remember, when in doubt, ask!
