

Mysteries of the World - Stonehenge

Activity 1

Your journal entry will describe your first impressions of Stonehenge. Your journal entry should include reference to the following points but should not be limited to only these points:

- **If you were telling a friend about Stonehenge, how would you describe it? Include a physical description and your first reaction to Stonehenge.**
- **Have you ever heard of or seen pictures of Stonehenge before your 'virtual tour'? If so, how have your impressions or ideas about Stonehenge changed?**
- **What do you think Stonehenge was used for?**
- **How do you think the stones got to the site?**

Pretend you are actually writing an entry about your virtual tour of Stonehenge in your own personal diary or journal. The page should be neatly handwritten or typed using a wordprocessor. It should be written in the first person "I". Your entry should contain your actual response to the pictures you saw of Stonehenge and the explanations you read about it.

Length - one page typewritten, two pages handwritten (minimum), double spaced.
