When one person speaks alone,
It's an opinion.

When 10 of us speak together,
It's a concern.

When 50 of us speak together,
It's a strong suggestion.

When 200 of us speak together,
It's a movement.

But when 5,000 families and
100 group affiliates
speak together,

It's a victory for children!

WORTH...

...your involvement in
their education

...a few hours a year!

What is Home and School?

Home and School is a volunteer, non-profit organization made up of parents and teachers. It is an advocacy group working on behalf of school age children, locally, provincially and nationally. Current topics being raised with government include curriculum content, class size/composition, school bus safety, lockdowns, air quality, assessments.

The more members Home and School has, the stronger our voice!

“Home and School is a wonderful window into our child’s school life and a great way to show support for other students, families, and teachers in the school.”
