CHARLOTTETOWN RURAL ATHLETICS

Code of Conduct

I will respect myself.
I will respect others.
I will respect personal property and school property.
I will come to school prepared to learn.
I will act responsibly and accept consequences for my actions.

Welcome to the Charlottetown Rural athletic program. Participation in school sport provides an opportunity to develop talent and skill and the opportunity to represent Charlottetown Rural through the P.E.I.S.A.A. sports program. It is a privilege to be selected to be a member of a school team and it is expected that students will take pride in representing Charlottetown Rural.

All students who try out for school teams must sign the contract below. The privilege of representing the school requires that students be chosen by a coach according to expectations outlined by the school in the athletic handbook and by the coaching staff during tryouts. Early in the season, and periodically throughout the sport season, coaches and staff/teacher representatives will outline behavioural expectations for players at practice; during games; at team functions; and in school and sport-related situations. Players who fail to meet these expectations should expect reasonable and appropriate consequences.

Athletes representing Charlottetown Rural High School are expected to do their best to be positive role models for other students and for each other. All forms of initiation to teams are strictly prohibited and against the school Code of Conduct. Team members who conduct themselves as poor sports, or who do not make a sincere academic effort, may be denied the privilege of participation. Students on school teams who consume, sell, or possess alcohol or any other drug (other than those prescribed for personal use by a doctor) while on school property or at school sponsored functions are in violation of the school Code of Conduct. Athletes who contravene the Code of Conduct may be subject to school suspension as well as suspension from school teams.

Charlottetown Rural High endeavours to offer quality school sport experiences at reasonable cost to each student athlete. The use of school uniforms, the use of school property, and the use of school transportation are privileges of being on a school team. School uniforms are to be worn only for games - not to gym class, practice, etc., and are not to be given to others to wear. Uniforms must be returned at the end of the season.

Commitment to school and sport is an important part of growth for athletes. Students who are on school teams are expected to complete a full season.

The athletic council and the administration wish all student athletes a first-class experience in CRHS school athletics. Have a great season and a great year!

CONTRACT

A contract between _____,
and Charlottetown Rural High School.

I _____, agree to all the rules and conditions of Charlottetown Rural High School and P.E.I.S.A.A.
