\$4.00 for student agenda

It is recommended that you not buy scribblers with wire hinges nor the type that have three scribblers in one cover.

Please get a reasonably good pair of scissors as they will prevent a lot of frustration during the year. Scissors should have an identifying tape or mark.

Sneakers are necessary for gym, but clothing may consist of a shirt and shorts, or the more popular jogging suit.

In order to keep the inside of our school as clean and comfortable as possible we would like the children to have a separate pair of footwear apart from their outdoor footwear. This could be their gym sneakers.
