**Title:** Language Arts In-Service for New Teachers/Teachers Changing Grade Level (Grade 4-6 level)

**Date, Location & Time** July 5, 2010  
The Loyalist, 195 Harbour Drive, Summerside  
9:00 - 3:00

**Description:** The purpose of this in-service is to introduce teachers to curriculum and program resources at the grades 4-6 level. Teachers will be provided with an overview of the APEF/CAMET documents and given an opportunity to review program resources. A balanced approach to teaching literacy will be shared with samples of activities using a variety of program resources.

**Facilitator:** Robyn McAulay and Cathy Montgomery, Language Arts Specialists  
Department of Education and Early Childhood Development

**Audience:** Grade 4-6 Teachers, New to Grade Level  
These sessions are for teachers who are:

- new to teaching
- changing from primary to elementary (e.g., moving from a grade at 1-3 to a grade at 4-6, and have never received language arts in-service at grades 4, 5 or 6)
- new to teaching English language arts to French Immersion

These sessions are not for teachers who are:

- simply changing from one grade level to another within the elementary grades (e.g., from grade 4 to grade 5).

**Registration:** Registration will take place on-line from June 1-25, 2010 at the following internet address [www.edu.pe.ca/signup](http://www.edu.pe.ca/signup)  
Minimum of 8 participants. Maximum of 30 participants.

**Title:** Developing Successful Schools 2010 Fostering Assessment Literacy in Our Schools: Guidelines for School Administrators

**Date, Location & Time:** July 5 - 8, 2010  
Mt. Allison University, Sackville, New Brunswick

**Description:** This institute is an opportunity for school leaders to explore strategies for implementing school-wide assessment reform. Participants will have opportunities to consider four conditions that maximize sustainable improvement in teacher practice:

1. A clear focus for improvement
2. Support and accountability
3. Collaborative structures
4. Staying the course

You will also have the opportunity to consider the applicability of an improvement model to your own school.

**Facilitator:** The resource person this year is Damian Cooper. He is an independent education consultant who specializes in helping schools and school districts improve their instructional and assessment skills. In his varied career, Damian has been a secondary English, Special Education, and Drama teacher, a department head, a librarian, a school consultant and a curriculum developer. He has specialized in student assessment more than twenty years.

His current work focuses on helping teachers and administrators connect curriculum, instruction, and assessment in ways that improve learning for all students.

**Registration:** Twelve spaces are available for Federation members. (Applications will be accepted on a first come - first served basis). Again this year the Department of Education and Early Childhood Development is making available twelve grants to assist participants who wish to attend. These grants will be for \$400 each and will greatly assist participants.

**Title:** Elluminate and Video Conferencing - Summer Institute

**Date, Location  
& Time:** July 21, 2010  
Aubin Arsenault Building, 3 Brighton Road, Charlottetown, Computer Lab  
9:00 - 1:00

**Description:** Elluminate and Video Conferencing:  
Elluminate is an online collaboration system or web conferencing application that allows students, faculty, and TAs to hold a live synchronous class in a virtual setting. This session will help teachers better understand the various communication components included within the application such as the ability to talk over a microphone, teleconferencing, a chat and poll box, and a webcam tool. We will also browse the software that make this such a comprehensive communication medium, such as the drawing whiteboard, the application sharing tool, the file transfer tool and a record feature that allows the moderator to record the class for others to watch later, a graphing tool, and a timer. The whiteboard supports the uploading of powerpoint presentations that the moderator created.

There will also be a brief overview of the new videoconferencing tools we are using in some of our high schools for the purpose of synchronous course content delivery.
