Video games, cartoons on television, and even movies, count on high quality animation to ensure the credibility of their final product.

The Animation Boot Camp starts with an introduction to 2-D animation in some of the different forms displayed today. Participants learn about the process of creating animations through storyboards, character designs, flash animations and basic stop motion using industry computer technology. We will touch on audio/lip syncing, along with frame rates and their relevance to the entertainment industry.

Participants must have basic computer skills. If you're interest in the Animation Boot Camp, be prepared for a busy, hands-on week of animating! By the end of the week, you will have developed your own animation clip to show off your new found animation skills.

## **10. Public Library Services**

Every year, the P.E. I. Public Library Service and your local public libraries host a summer reading club for children, young adults and their families. The program is sponsored by Library and Archives Canada and TD Bank Financial Group and is available in libraries across Canada. Theme for this year is SPLASH!/ SPLOUFF!

By reading for fun through the summer months, children return to school having maintained or improved their reading skills. In fact, if your child doesn't already read for pleasure, this is the perfect time to remind the whole family that reading can be fun. Children can join at any local public library. It's easy and it's free! They will receive a beautiful, full-colour poster by this year's artist Kim LaFave . Nine stickers are given out over the summer and can be placed on the poster to reveal something new. The poster has a treasure map on the back that can be used as a game. Each child also receives an activity book which includes a story, riddles, colouring activities, crafts, recipes and log sheets for listing the books read. PEI Public Library Service staff also support children in their enjoyment of reading by offering a variety of exciting in-library activities around the theme. Each public library will have a unique schedule of events, so please contact your local library for details.

Going away on vacation? Children can read through the summer and either check in at their branch at summer's end or go to any other participating library.

Don't delay - once school is finished, come to your local public library and join. To find your local library check the PEI Public Library Service website [www.library.pe.ca](http://www.library.pe.ca)
