

# ITC 401

## Audio Assignment

(using Audacity)

The **topic** can be of your own choice.

The **length** of the recording should be between 15 and 60 seconds.

Some **options** might be:

- ▶ a radio commercial
- ▶ a sports announcer
- ▶ introduction of a band or event
- ▶ funny school announcements

If you have a different idea, get permission from Mr. MacClure first.

You need to **include**:

- ▶ imported music and/or sounds
- ▶ your own voice
- ▶ Fade In and Fade Out effects
- ▶ another effect such as Amplify, Change Pitch or Speed

Create a **sub-folder** within your ITC folder. Name it *Audio*

**Save** the file as *ITC 401 audio* by using two methods:

- ▶ an .aup file (readable only by Audacity): File - Save Project As
- ▶ an .mp3 or .wav file (readable by other programs): File - Export As
