

Dear Parents, Staff and Students:

Chartwells offer Meal cards to our students. We have three options available.

Balanced Meal Card: This card will ensure that your child eats healthy each and every day. This includes only the Balanced Choice meal choice each and every day and they cannot substitute this for anything else. This card is \$47.35 for the smaller meal and for that price they will get 11 meals (\$4.30 a meal). This meal includes a Small White Milk.

Convenience Card: This is just a convenience Credit that is available for the students. You will buy this card (put your own value on it) and the student would not have to worry about carrying cash each and every day. Our Cafeteria Staff would let the Student know when their amount is close to expiring.

Milk Card – Good for 20 Milk: This card is good for twenty milks and costs \$9.00. This is just for your convenience as well instead of students having to worry about taking the \$0.45 for white milk in to School Daily.

ALL CARDS CAN BE KEPT BY THE CAFETERIA STAFF AT CASH DAILY SO STUDENT DOES NOT LOOSE IT. THIS IS YOUR CHOICE.

Please have your child buy this card at some point during the day that it is not busy instead of in the middle of lunch which would slow down our lunch lines.
