

- ▶ StudentsAchieve is an online software that provides the ability to view student attendance and marks, which allows both parents and students to track progress more effectively. Parents and students each have a unique user id and password to access StudentsAchieve.
 - ▶ The website to access StudentsAchieve is <http://sas.edu.pe.ca> . More specific information about attendance collection and evaluation procedures can be viewed once you have logged in.
 - ▶ All homeroom teachers enter attendance at the earliest opportunity. Delays in entering attendance information are expected when a teacher is absent from school or unable to enter attendance for other reasons. Parents are strongly encouraged to provide some form of communication with the school when a student is absent or going to be absent. The preferred methods are a phone call (368-6085), an email to the teacher or school address, or at the very least, a written note upon the student's return to classes. Thank you.
 - ▶ Some teachers currently use StudentsAchieve to record and manage marks, and provide access to their marks using this system. Not all teachers currently use StudentsAchieve for this purpose.
 - ▶ The marks for Physical Education and Exploratory Courses are updated three times per year, just before the end of each reporting period.
 - ▶ The mark for the Exploratory Course is a cumulative average of all four sections in that course.
 - ▶ Some teachers also use StudentsAchieve to post updates about the classes they teach including current and upcoming events, homework, and other pertinent information.
 - ▶ Parents and students can maintain their own email connection to the school by logging into StudentsAchieve. If an email address changes, you may change it yourself with your StudentsAchieve account. We regularly send out mass emails to the general parent body, but individual teachers also send emails to parents of their particular classes.
- We work with one parent email address and one StudentsAchieve login per family. If we do not currently have an address for your family, you can email us at stonepark@edu.pe.ca, and we will add you to our list. You can also add your own email address with your StudentsAchieve login.
- ▶ If you do not yet have your StudentsAchieve access information, please email stonepark@edu.pe.ca and it will be sent to you via an email.
