

## Westisle Student Guidelines:

We have been given direction by the Western School Board to continue covering course material, even though our student numbers are lower than normal. Where possible, students who are not in school are encouraged to try to do some work at home to keep up with curriculum expectations.

### Suggestions for students who are missing class:

- Contact another student in your class to find out what you are missing
- Check to see if your teacher has a blog or class pages linked to the [school website](#)
- Email your teacher and ask what you can do at home

It is also helpful to email your [period 1 teacher](#) or the [principal](#) before 9:00 AM and tell them if you are at home because of flu-like symptoms or other reasons. This will reduce the number of phone calls we have to make each day.

Please understand that we may be getting a large number of requests for work to be sent home for students on any particular day. Should you need work sent home, it is the responsibility of the student to arrange for someone to pick up the work. We will make every effort to get the information out as soon as possible, but some delays are to be expected.

Thank-you for your co-operation during this very unusual and stressful time.
