Last fall a fund-raising opportunity was offered to all P.E.I. schools when the Provincial Department of the Environment provided energy efficient light bulbs. These Philips brand bulbs use 13 watts of electricity as compared to regular incandescent bulbs which use 60 watts of electricity yet produce to same amount of light. In addition, these bulbs have a much longer life expectancy than regular bulbs.

We are offering these bulbs for sale at \$2 each or a box of 6 for \$10. All monies raised stay at the school and will be used to provide resources which will benefit all students. Please complete the order form below and return with your student to the school. Cheques can be made out to West Kent School.

Thank you in advance for your support.

West Kent Elementary Light Bulb Fundraiser Order Form

Student's Name: _____

Class: _____

SINGLE BULBS	Number _____ @ \$2.00 each	Amount \$ _____
BOX OF 6 BULBS	Number _____ @ \$10.00 each	Amount \$ _____
