Posters: Working with Space

This assignment is designed to teach you about white space. You will design three posters. But you won't be given much to work with except white space. So use it effectively!

**Assignment:**

Choose your favorite quote or saying or even a stanza from a poem or song. This will be the focus of your poster.

- Create a new document in PageMaker.
- Set the page size to tabloid (11" x 17" or 17" x 11")
- Type in the text of your quote.
- Now, using only the text and drawing elements on the toolbar and the control palette, design a poster around your quote.
- Print your poster.
- Write a design analysis.

- Use the same quote and one clip-art graphic.
  - Redesign your poster around the quote, but this time you can place one clip-art graphic in your document.
  - Print your poster.
  - Write a design analysis.

- Use the same quote and any graphic tools you want.
  - Redesign your poster around the quote, but this time do it your way.
  - Print your poster.
  - Write a design analysis.
